Be the Change:

As Gandhi once said, "The best way to find yourself is to lose yourself in the service of others." Here's a chance to do your part to make the Lehigh Valley a better place to live. If you are interested in a career in public service, want to make a difference in your community, or just enjoy helping others, join Penn State faculty in a week of classroom and service learning experiences with community organizations serving children, the elderly, and individuals with disabilities.

GRADE 9-11

July 31-August 4, 9 a.m.-3 p.m.

Makerbotics:

This new program will engage students in a weeklong design challenge using Computer Aided Design (TinkerCAD) software, 3D printing, and LEGO EV3 robotics. Taught by PSU-LV faculty, Makerbotics is a practical introduction to all major aspects of robotic design and implementation.
